DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application after a decision by the Board of Patent Appeals and Interferences, but before the filing of a Notice of Appeal to the Court of Appeals for the Federal Circuit or the commencement of a civil action. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on January 30, 2004 has been entered.

Claims 17-18, 28 and 36 are pending in the instant application.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a method for manufacturing a composite part on a hybrid tool including, laying up plies of impregnated fabric onto a composite face sheet of a hybrid tool, debulking and curing said plies in a vacuum bag to form said composite part on said face sheet, placing said hybrid tool on a machine tool bed, probing reference features on said hybrid tool to accurately establish the position of said face sheet relative to a home position of the machine tool, said reference features having been transferred from corresponding reference features of a master mold, normalizing said machine tool part program to correspond to the actual position of the hybrid tool, operating the machine tool to rotate a cutting tool while following a cutting path along

within a groove in said face sheet so that said cutting tool projects into said groove and engages the full thickness of said lay-up part on said hybrid tool face sheet such as to trim the peripheral edge of said composite part.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
